Handling Cases Nationwide Since 1955

WHO WE ARE

Founded in 1955, Levin Papantonio Rafferty is considered one of the nation's preeminent law firms. We handle claims throughout the country involving personal injury, prescription drugs, medical devices, defective products, class actions, and consumer protection. We have won more than \$30 billion in jury verdicts and settlements.

Our accomplishments have been featured on CNN, Fox, ABC, CBS & NBC. Our lawyers have appeared in *The Wall Street Journal*; *The New York Times*; *Forbes* magazine; *Time* magazine; *National Law Journal*; and *US* magazine.

One or more of our attorneys are listed in *Best Lawyers in America*; *National Trial Lawyers Hall of Fame*; *America's Elite Trial Lawyers*; *U.S. News & World Report Best Law Firms*; *Martindale-Hubbell Preeminent Woman Attorney*; and *SuperLawyers*.

Our lawyers have served as judges, law professors, legal scholars, and community activists. We are the founder of *National Trial Lawyers* and *Mass Torts Made Perfect*, which are national legal conferences attended by more than 3,000 lawyers each year where we help to teach the successful handling of litigation against the world's largest companies.

OUR HISTORY

In 1955, David Levin and Reubin Askew founded the law firm of Levin & Askew

The two were the sole attorneys in the firm, assisted by just one additional staff member. In 1961, David's brother Fred joined the firm. He quickly became recognized as one of America's premier personal injury lawyers after achieving several multi-million dollar jury verdicts, including one in 1980 that was the largest compensatory damage verdict in American history at the time.

More than 68 years of success

Much has changed for our law firm since 1955. Reubin went on to become a two-term governor for the State of Florida. Fred's accomplishments in personal injury law became the subject of a book written by a *New York Times* bestselling author. Mike Papantonio is widely considered the top mass torts lawyer in the country and is often referenced as "America's Lawyer" by the national media. The University of Florida College of Law is now known as the Levin College of Law in honor of one of our founding partners. Today, federal judges appoint our lawyers to the top leadership positions in many of America's most significant litigation.

OUR NATIONAL LITIGATION

In nationwide, complex litigation, federal judges often select a small number of lawyers to conduct the investigation and settlement discussions on behalf of the thousands of people injured. Judges require these lawyers to have the experience, resources, and expertise to handle the litigation.

To date, our attorneys have been selected by federal judges more than 65 times, including to the executive and settlement committees for the National Prescription Opiate Litigation, which settlements totaled more than \$50 billion. Below is a small sample of lawsuits that federal judges have appointed our lawyers.

OUR COMMUNITY SERVICE

We formed our law firm in Pensacola, Florida in 1955. Today, our main office is still in Pensacola where 40 attorneys and 200 employees live and work. A lot has changed with our firm since 1955, but the one thing that has not changed is that we continue to support and encourage all our attorneys and employees to engage in **extensive community outreach** to give back to those who have given so much to us.

To date, we have donated **more than \$75 million to charity**, and tens of thousands of hours of their time. Below is a list of some of our recent community service.
