

## Breast Implants

The Breast Implant lawsuits claim textured breast implants can cause anaplastic large cell lymphoma (ALCL), a rare form of non-Hodgkin's lymphoma.

Our law firm is representing women who received textured breast implants and have subsequently been diagnosed with ALCL.

Allergan, a manufacturer of textured breast implants, was forced to recall their implants after numerous reports of women suffering anaplastic large cell lymphoma.

### Criteria

- Textured Implants (vs smooth)
- Diagnosis of Anaplastic Large Cell Lymphoma (BIA-ALCL)
- Explanted implants or schedule to remove
